Dear Old Man:

SUBJECT: THE ORBITALS AUDIO PRODUCTION SERVICES

The Orbitals offer their expertise in audio production. That's right! The Orbitals are not only a fantastic rock group but they can also help make your dreams come true. In The Happy House Studios, home of The Orbitals you can make an audio recording. We offer recording and audio production services to a variety of clientele. We'll record a rock band, solo artists, spoken word, instrumental music, sound effects and take on a myriad of audio projects for reasonable prices. The Orbitals can compose new music for your projects, too. For example newly composed, performed, and recorded music by The Orbitals provided a sound landscape for an instructional video. Other projects have included conversion of reel-to-reel tapes and records to CD format, investigative work to clear recordings for increased audibility, solo vocalist singing projects, and audio for a cheer leading squad. Special greetings in spoken word or recordings made for loved ones; a specialty of The Orbitals!

The Orbitals like to record!

If you wish to engage our services please contact us at:

Give someone a different gift!
A CD recording lasts forever!
You can hear your loved ones!

ELROY CABEZA HAS SPOKEN.

Sincerely,
